Table of Contents

Executive Summary i

1 Introduction..... 1

1.1 Background 1

1.2 Project Proponent..... 1

1.3 Project Description 2

1.4 Project Timing..... 2

1.5 Community Infrastructure Designation 4

1.6 Initial Assessment Report (IAR) Requirements and Objectives..... 4

2 Project Justification and Alternatives 5

2.1 Need for the Development 5

2.2 Project Objectives..... 5

2.3 Corridor Selection and Alternatives 6

2.3.1 Background 6

2.3.2 South Pine to Hays Inlet Corridor Selection 6

2.3.3 Route Selection Guidelines 6

2.3.4 Route Selection Criteria..... 8

2.3.5 Conclusion 10

2.4 Powerline Alternatives 11

2.4.1 Underground Sub-Transmission Lines 11

2.4.2 Alternative Overhead Powerline Construction Options 13

2.5 Griffin Substation Site Identification and Alternatives 14

2.6 Alternative Power Sources 15

3 Description of Proposed Development 16

3.1 Corridor and Site Location..... 16

3.2 Project Component Summary 16

3.3 South Pine to Hays Inlet 110kV Sub-Transmission Powerline Description 17

3.3.1 Design Objectives..... 17

3.4 Powerline structures 18

3.4.1 Poles / Towers 18

3.5 Conductors, Earth Wires, Insulators and Fittings 19

3.5.1 Feeders and Conductors 19

3.5.2 Earth Wires 20

3.5.3 Insulators and Fittings 20

3.5.4 Safety Clearance 20

3.5.5 Safety 21

3.5.6 Easements 21

3.5.7 Access Tracks 21

3.6 Construction 22

3.6.1 Site Surveys 22

3.6.2 Vegetation Clearing 22

3.6.3 Foundation Installation 23

3.6.4 Structure Erection 24

3.6.5 Conductor and Earth Wire Stringing 24

3.7 Operation and Maintenance 25

3.7.1 Structures, conductors and Fittings 26

3.7.2 Easements 26

3.7.3 Access tracks 26

Table of Contents

3.8	Sub-transmission line decommissioning	26
3.8.1	Decommissioning	26
3.8.2	Dismantling and Removal of the Sub-Transmission Line	27
3.8.3	Easement Restoration and Rehabilitation	27
3.9	Griffin and Hays Inlet Substation Sites Description.....	27
3.9.1	Substation Background	27
3.9.2	Hays Inlet Substation.....	28
3.9.3	Griffin Substation	28
3.9.4	Substation Design: Griffin and Hays Inlet Substations.....	29
3.9.5	Civil Works.....	29
3.9.6	Construction	31
3.9.7	Site Fencing.....	31
3.9.8	Structure and Building Erection.....	31
3.9.9	Operation and Maintenance	32
3.9.10	Decommissioning Details	32
3.10	Safety and Building Standards	32
4	Statutory Framework	34
4.1	Approval processes	34
4.1.1	Introduction.....	34
4.1.2	Community Infrastructure Designation	34
4.2	Assessment of the Legislative Framework.....	36
4.3	Commonwealth Legislation	37
4.3.1	Environment Protection and Biodiversity Conservation Act 1999.....	37
4.3.2	Australian Heritage Council Act 2003.....	38
4.3.3	Aboriginal and Torres Strait Islander Heritage Protection Act 1984	39
4.3.4	Native Title Act 1993	39
4.3.5	Civil Aviation Regulations 1988 and Civil Aviation Safety Regulations 1988.....	40
4.4	State Legislation	40
4.4.1	Integrated Planning Act 1997	40
4.4.2	Environmental Protection Act 1994 and Environmental Protection Regulation 1998	41
4.4.3	Electricity Act 1994	41
4.4.4	Electricity Safety Act 2002.....	42
4.4.5	Transport Infrastructure Act 1994.....	42
4.4.6	Marine Parks Act 2004	42
4.4.7	Coastal Protection and Management Act 1995.....	43
4.4.8	Fisheries Act 1994.....	43
4.4.9	Nature Conservation Act 1992	43
4.4.10	Water Act 2000.....	43
4.4.11	Vegetation Management Act 1999	44
4.4.12	Soil Conservation Act 1986	45
4.4.13	Land Act 1994	45
4.4.14	Land Protection (Pest and Stock Route Management) Act 2002	45
4.4.15	Aboriginal Cultural Heritage Act 2003	45
4.4.16	Queensland Heritage Act 1992	46
4.4.17	South-East Queensland Regional Plan 2005-2026	46
4.4.18	South East Queensland Infrastructure plan and Program (2008-2026).....	50
4.5	Other Planning Policies, Management Plans and Guidelines.....	53

Table of Contents

4.5.1 Nature Conservation (Koala) Conservation Plan 2006 and Management Program 2006 – 2016.....53

It is therefore considered that the proposal, having regard particularly to the proposed offset provisions such as revegetation of key areas, satisfies the requirements of the Koala Conservation Plan and Management Program.55

4.5.2 State Planning Policy 1/02 Development in the Vicinity of Certain Airports and Aviation Facilities.....55

4.5.3 State Planning Policy 2/07 Protection of Extractive Resources56

4.5.4 State Planning Policy 1/07 Housing and Residential Development.....59

4.5.5 SPP 1/92: Development and the Conservation of Agricultural Land59

4.5.6 SPP 1/02: Planning and Managing Development Involving Acid Sulfate Soils.....60

4.5.7 SPP 2/03: Mitigating the Adverse Impacts of Flood, Bushfire and Landslide60

4.5.8 Regional and National Water Quality Guidelines63

4.6 National Electricity Regulatory Framework64

4.6.1 National Electricity Market.....64

4.6.2 The Electricity - National Scheme (Queensland) Act 199765

4.6.3 National Electricity Law65

4.6.4 National Electricity Rules.....65

4.6.5 Regulatory Proposal Submission (ENERGEX funding)66

4.6.6 Clause 5.6.5A Regulatory Test (project funding)66

4.6.7 Regulatory Test (Version 3) and Guidelines67

4.7 Local Government Planning Framework68

4.8 Approvals Required68

4.8.1 Potential Approvals Required Under State Legislation68

4.9 Key Commitments70

5 Environmental Impact Assessment72

5.1 Physical Environment.....72

5.1.1 Soils.....72

5.1.2 Soils Impacts and Mitigation.....77

5.1.3 Terrain79

5.1.4 Seismic Activity.....84

5.1.5 Water Resources.....85

5.1.6 Waterways Impacts and Mitigation.....88

5.1.7 Flood Management.....89

5.1.8 Tidal Development or Development within a Watercourse90

5.1.9 Climate.....90

5.1.10 Air Quality92

5.2 Biological Environment.....93

5.2.1 Flora.....93

5.2.2 Flora Impacts and Mitigation106

5.2.3 Fauna.....110

5.2.4 Fauna Impacts and Mitigation134

5.2.5 Coastal Protection and Management Act 1995.....139

5.2.6 Marine Parks Act 1982148

5.2.7 Fisheries Act 1994.....149

5.2.8 Termites.....149

5.2.9 Termite Mitigation Measures150

5.2.10 Fire Ants150

5.3 Human/Social Environment.....151

Table of Contents

5.3.1	Cultural Heritage.....	151
5.3.2	Cultural Heritage Impacts and Mitigation	152
5.3.3	Transport	153
5.3.4	Transport Impacts and Mitigation	156
5.3.5	Contaminated Land	158
5.3.6	Contaminated Land Impacts and Mitigation Measures	158
5.3.7	Noise.....	158
5.3.8	Noise Impacts and Mitigation	160
5.3.9	Land use.....	163
5.3.10	Land Use Impacts and Mitigation	166
5.3.11	Land tenure	167
5.3.12	Social/human environment (community characteristics).....	168
5.3.13	Human/social environment impacts and mitigation	174
5.3.14	Economic Impacts	175
5.3.15	Amenity and Visual Environment	177
5.3.16	Visual Amenity Impacts and Mitigation.....	189
5.3.17	Electrical and magnetic fields.....	192
5.3.18	EMF Impacts and Mitigation	193
5.3.19	Fire Risks.....	194
5.3.20	Fire Risks Impacts and Mitigation	194
5.3.21	Waste Generation and Management	195
5.3.22	External Lighting.....	195
6	Consultation Process	196
6.1	Background to the Public Consultation Process	196
6.2	Stakeholder Analysis.....	196
6.3	Communication Tools and Publications	197
6.3.1	Tools.....	197
6.3.2	Publications	197
6.4	Community Engagement Activities.....	198
6.4.1	Meetings with landowners	199
6.4.2	Engaging key stakeholders	199
6.4.3	Newsletter and comment form	199
6.4.4	Responded to phone calls, emails and comment forms	199
6.4.5	Public displays at local shopping centres.....	200
6.4.6	Community Information Day at Murrumba Downs	200
6.4.7	Advertising.....	201
6.4.8	Monitored media.....	201
6.5	Community Feedback.....	202
6.6	Issues Raised and Likely to be of Concern to Other Parties.....	204
6.6.1	Details of issues raised.....	204
7	Cost Benefit Summary	206
8	ENERGEX’s Environmental Record	207
8.1	Re-Vegetation Program.....	207
9	Draft Environmental Management Plan	208
9.1	Emergency Environmental Response	208
