Route Scoping and Escort Requirements - Complete either Part A or Part B (by selecting the appropriate boxes)

Part A - Notification to Energex Only.

The route has been scoped by an accredited scoping officer within 28 days of the date of the escort and this notification is for information purposes only as per Part 8 in the Electrical Safety Code of Practice 2010 – Working Near Overhead and Underground Electric Lines.

Accredited Scoping Officer's Name - _____ Date route scoped - / /

This load (i) does not require an escort.
 (ii) will be escorted by a qualified service provider and does not require Energex attendance

Part B - Energex Services Required. (Please note – Energex do not scope telecommunication cables on poles)

The load requires an escort to be provided by Energex at the applicant's expense.

The route has not been scoped and we request that the route be scoped by Energex at the applicant's expense.

I/We understand an administration fee of \$198.00 (GST Inclusive) must accompany the request for either of the services listed above. Payment has been made via -

(i) Cheque accompanying this form.
 (ii) Credit Account held with Energex - Energex Customer # _____
 (iii) Electronic Funds Transfer. **Note** - Proof of payment transfer must accompany this form.

I /We acknowledge a further quotation will be sent by Energex for scoping and/or escort services.
